PROFESSIONAL SUMMARY

I am a Front End Developer with **1 year of hands-on experience** in mobile application development and web development. I have a proven track record of developing highly interactive, user-friendly, and visually appealing applications. I am highly skilled in using HTML, CSS, Angular with Ionic, and TypeScript-related technologies to create responsive and optimized applications that run on all Android devices. My biggest achievement has been creating multiple applications during my internship for clients, which were highly successful. I have a keen eye for detail and a passion for technology, which helps me develop innovative solutions for clients.
