PROFESSIONAL SUMMARY

I am a Front End Developer with 5 Months of experience in the Mobile Application development and web development. I have a proven track record of developing highly interactive, user-friendly, and visually appealing applications. I am highly skilled in using HTML, CSS, Angular with Ionic, and TypeScript related technologies to create responsive and optimized application that runs on all Android Devices. My biggest achievement has been creating multiple application in my internship for clients that was highly successful. I have a keen eye for detail and a passion for technology which helps me to develop innovative solutions for clients. I possess excellent communication skills and the ability to work effectively both independently and within teams.
